WHO ARE WE?

Promoted by

The **Logistics 4.0 Incubator** is a project led by the CZFB with the support of the Incyde Foundation and FEDER Funds, which began operating in July 2023.

Our goal is to select the most promising and interesting startups in the field of applying Industry 4.0 technologies to the logistics sector.

In it, they will have mentoring on their business model, their technical/business activity, access to sources of financing or access to networking activities, and participation in national and international events, among others.
